### From the Principal's Desk

God of hope, who brought joy into this world,  
be the joy that dwells between us.  
God of hope, the rock we stand upon,  
be the center, the focus of our lives  
always, and particularly this Advent time.

"Challenges make you discover things about yourself that you never really knew"

Cicely Tyson

Ensuring students are successful academically and mentally, continues to be our mission and vision at MHT. While working with the classroom educators, visiting classroom learning environments, and working with all stakeholders, it is our hope to finish the year strong! With a little more than a month of school left, I am asking that you all continue to support our mission. The current year has presented us with some transitional challenges that too have landed us in uncharted territory. During my most recent communication with the faculty and staff, they were challenged to reflect on how we can continue working collectively at the corner of Mallinckrodt and Blair for the common good of our students. I too am asking you, my partners in education, that you continue working with the MHT community while reflecting on how we can continue working together to ensure success. Many of you have stopped by, called, emailed, etc. and your input is appreciated. I am available and welcome future opportunities for us to partner together for MHT.

Please continue checking your child's weekly folder for pertinent information. Creating and maintaining relationships is paramount. Do not hesitate to reach out as needed. I can be reached via email and/or phone at (314)231-9014 or (314)409-4499.

Be blessed,

Dr. Holland
